

**Little Bollington CE Primary School
Special Dietary Requirements**

Cheshire East Catering, our catering service, need accurate information on any special diets your child might require.
CEC advise...

With the increase in potentially worrying allergies, particularly those involving nuts, it is important that the correct procedure is adhered to and that unofficial diets are not provided for children at lunchtime. In order for a special diet to be arranged, the parent or guardian must obtain written permission from a hospital, clinic, or own doctor, together with the necessary dietary information.'

Please complete the form below if your child has an allergy that the school and CBS should be aware of. To ensure that your child's allergy is brought to the attention of staff in school we require your permission to take a photo of your child. This photo will be matched with your child's name and details of the allergy and displayed in the kitchen to ensure the special arrangements are known. We will not use the image for any other purpose.

SPECIAL DIETARY REQUIREMENTS

Child's Name _____ D.O.B: _____

Name of parent/guardian _____

Special dietary requirements or food allergies:
